3. To instruct the State Commander of National Emergency Operations to lay down concrete quarantine measures enforceable during the quarantine declared at the time of national emergency, following the recommendations of the competent ministry on immediate quarantine measures.

4. To establish that in the event where the State Commander of National Emergency Operations is unable to perform the functions of the commander of operations due to temporary incapacity for work, secondment or leave, the functions of the State Commander of National Emergency Operations shall be performed by the Acting Minister.

5. The quarantine continues from 7 November 2020, 00.00, until 28 February 2021, 24.00.

6. To establish that economic operators directly and indirectly affected as a result of quarantined economic activities may qualify for support measures in accordance with the procedure and conditions laid down in the description of support measures within the areas of the competence of the Minister for Economy and Innovation of the Republic of Lithuania and of the Minister for Social Security and Labour of the Republic of Lithuania, provided that the economic operator meets at least one of the following conditions:

6.1. the average monthly turnover of the economic activity of the economic operator, calculated from 1 November 2020 to 31 January 2021, has decreased by at least 30% compared to the average one-month turnover of the respective period in 2019-2020, based on the data

reported in VAT returns filed with the State Tax Inspectorate under the Ministry of Finance of the Republic of Lithuania (hereinafter the 'STI') or based on the data declared by applicants in their applications in those cases where they do not fall subject to VAT reporting. In the cases where economic activity was restricted after 30 November 2020, the reference period for the decreased income, compared against the respective period in 2019-2020, will be 1 December 2020 - 31 January 2021.

In the cases where the economic operator has not received income, when calculated from 1 November 2019 to 31 January 2020, they may qualify for support measures in accordance with the procedure and conditions laid down in the descriptions of support measures under paragraph 6.2 of this Resolution;

6.2. the main economic activity pursued by the economic operator is included in the list approved by a joint order of the Minister for Economy and Innovation of the Republic of Lithuania and the Minister for Social Security and Labour of the Republic of Lithuania, in agreement with the Ministry of Finance of the Republic of Lithuania and the STI. The list includes economic activities restricted by this Resolution and the indirectly restricted activities that are included in this list under Government's approval.
